DETAILED ACTION

EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

The application has been amended as follows:

In the claims:

Claim 2, after 300 Å, insert ---.

Claim 3, after 100 Å, insert ---.

Claim 8, after 60 Å, insert ---.

Allowable Subject Matter

2. Claims 1-8 are allowed.

The following is an examiner's statement of reasons for allowance: The admitted prior art discloses all elements of the claims except performing the second implant through the gate oxide and subsequently performing a second anneal. A search of the relevant art found that Ramkumar et al. '484 also discloses the elements of the claims except for performing the second implant through a gate oxide and performing a second anneal. Owens et al.

'665 discloses a method for double doping an EPROM device comprising implanting two ions and subsequently performing a single anneal for both implants, but fails to teach performing an intermittent anneal between implants and then growing a tunnel oxide on top of a gate oxide. Yamada et al. '173 discloses a method of manufacturing a non-volatile semiconductor memory device wherein a tunnel oxide is grown directly on a silicon substrate, but does not show performing a second implant with a subsequent second anneal, and then forming a tunnel oxide on top of a gate oxide.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Conclusion

3. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Steven J. Fulk whose telephone number is (571) 272-8323. The examiner can normally be reached on Monday through Friday, 8:00am to 5:00pm.

If attempts to reach the examiner by telephone are unsuccessful, the examiner's supervisor, Bill Baumeister can be reached on (571) 272-1722.
